Dear,

St. Nicholas church,

Thank you very much for your kind donation towards and orphanage here in Jaipur. I can't tell you what a difference your generosity will make. I have included some photos of the work we have been able to start thanks to your donation. For a long time our building was without doors or windows we have been able to fit those as well as railings along our roof so that the children can play in safety. When this work is complete we will use the remaining money to make a waterproof floor, as when it rains we are at danger of flooding.

I hope that if you ever have the opportunity to visit India you will be able to visit us here in Jaipur. We would be so happy to meet you.

your faithfully  
Didi Ananda Gautami AC  
Millions of thanks to you all.
